

Ridge View Fifth grade

FOR the MONTH OF
NOVEMBER

NEWS

LEARNING TOPICS:

English Language Arts: The focus skills include: Informative Writing, Questioning, Conclusions & Generalizations, Main Ideas & Details, Analyze/Evaluate, and Characterization.

Math: We are focusing on multiplying with decimals, long division, and long division with decimals. Practicing your multiplication facts will increase the mastery of these concepts.

Science/Social Studies: We are finishing Land and Water kits and will be starting Early English Settlements and Comparing Colonies.

DARE: DARE is near its end. We will be finishing DARE essays and preparing for our DARE graduation.

A note home:

IT'S ALWAYS A GREAT DAY TO BE A COYOTE!

October was a wonderfully busy month, full of learning! We had the Jog-A-Thon, the Jungle Book play, Pacific Science Center visits, an Author visit from Daniel Kirk, and much more! November is going to be an equally busy month. Don't forget to mark your calendar with the important dates above. Please remember to be checking PowerSchool grades regularly, signing weekly planners, and encouraging your child to take AR tests 😊
