

Second Grade News

Ridge View Elementary

February 2019

Math Facts:

We are working hard on having the kids memorize basic facts. Please work on these basic facts at home with flash cards or MobyMax. Having quick recall of basic facts is fundamental to higher order math skills.

Valentine's Day:

Look for notes sent home about specific information regarding a Valentine's Day celebration for your child's classroom.

Reading:

Remember to sign your child's calendar each night. Our goal is 500 minutes or more each month. Our librarian, Mrs. Duncan says we are half way to our school's yearly goal of 2,200,000 minutes. Keep reading so that RV can reach our goal and have our year end Reading Finale!

Important

Dates
