4th Grade Newsletter! What is Happening...

This month we will finish testing on SBAC and MAP testing for both reading and math. We are so proud of this group of fourth graders and know that they have worked really hard this year. We also have a few field trips coming up towards the end of the school year (more information to come).

Writing

Once testing is done (hurray!), we will work on writing that is connected to Washington State History and the Middle Ages. We will also be studying a little poetry!

Math

For May, we will continue to work in our Origo math books. The last part of math for the year is review and introducing concepts to prepare the kiddos for 5th grade!

Science/Soc. Studies

We will be studying Plant and Animal Structures for this unit. This should be a fun unit since we get to dissect a squid!

Social Studies we will study WA State History!

Reading

This month we will continue to work with the Journey's curriculum and reading novels.
